DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee:

Authorization for this examiner's amendment was given in a telephone interview with David Cho (Registration No. 480478) on September 29, 2006.

The application has been amended as follows: In line 10 of claim 1 the words "having a" have been replaced with the phrase --being generated with respect to an internal--.

In line 10 of claim 1 after the word "and" the word "a" has been replaced with --an internal--.

In line 8 of claim 14 the words "having a" have been replaced with the phrase --being generated with respect to an internal--.

In line 8 of claim 14 after the word "and" the word "a" has been replaced with --an internal--.

In line 1 of claim 3 the status identifier "(Previously Presented)" has been replaced with --(Currently Amended)--.

Allowable Subject Matter

2. Claims 1- 21 are allowed.

Art Unit: 2816

3. The following is an examiner's statement of reasons for allowance: Claims 1-8 and 14-20 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 2 wherein the control signal (CTRL) is generated with respect to an internal first (V1) and second (V2) voltage reflecting the detected phase difference in combination with the rest of the limitations of the base claims and any intervening claims. Claims 9-13 and 21 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 2 wherein the control circuit includes a comparator (232) and a counter (233) in combination with the rest of the limitations of the base claims and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
